

Dear FCC,

I am writing to you to let you know how much K-Love radio station means to me and to many people I know. I am able to hear positive, encouraging music throughout the day and night and not have to worry about commercials, or afraid of what my children might hear. We need this radio station in our community. It has changed so many people's lives, and if it were to be displaced by an LPFM broadcaster providing other programming, it would be a great loss and disappointment to many, many people.

K-Love can be heard worldwide, and has made so many positive impacts on people's lives. When I was young I did not have this station as an option, and as a result I started to listening to other radio stations that were not as positive, and I did not have the wonderful lyrics that I hear on K-Love now, running through my head all day. I listened to some distasteful music, affecting my mood, attitude and even actions at times. I can now be uplifted and encouraged anytime I turn on my radio to K-Love, and I want this for my children as well! So please do not allow LPFM to take priority over the current FM translator service so we can keep this radio station! Thank you for your consideration in this important matter.

Sincerely,
Susie Schroeder
